

FISCAL NOTE

HB 2278 - SB 2305

January 29, 1998

SUMMARY OF BILL: Authorizes two or more local governments to enter into agreements with private or public nonprofit corporations to provide ambulance service. Makes such providers "public agencies" for purposes of interlocal agreements. Current law allows individual local governments to enter into such agreements, but does not specifically allow two or more to do so.

ESTIMATED FISCAL IMPACT:

MINIMAL

Two or more local governments are currently permitted to enter into agreements with each other for joint action to provide ambulance service; this bill simply allows them the flexibility to contract jointly as well.
